

Trade Adjustment Assistance for Firms (TAAF) is the only federal program specifically designed to help American manufacturers that have been hurt by foreign competition. Firms can qualify for up to \$75,000 of matching funds to implement critical business improvements. The Great Lakes Trade Adjustment Assistance Center (GLTAAC) administers the program in Michigan, Indiana and Ohio.

HOW TO QUALIFY

GLTAAC strongly encourages manufacturers to call us for a quick discussion about their specific situation. In general, to qualify for TAAF, a manufacturer must be experiencing declines in sales and employment, as well as losing business to imports.

HOW IT WORKS

QUALIFY

After determining eligibility, we prepare and submit your TAAF application.

PLAN

GLTAAC's experienced professionals help you create an action plan to grow your business.

IMPLEMENT

Choose the best outside expertise to implement the plan - and the program will pay 50% of the cost.

WHAT OUR CLIENTS SAY

Everyone we have come into contact with from our relationship with GLTAAC has given us more insight, information, and opportunities to network. This is a great program.

Damon Gasaway, Owner
Winn Machine, Inc., Indiana

We have enjoyed working with GLTAAC. The plan created through the TAAF program enabled us to become more aware of our operations and helped us become more competitive in the marketplace, contributing greatly to our success.

Brad Nimer, President
Manufactured Assemblies Corp., Ohio

TAAF PROJECTS

TAAF matching funds can be used for a wide variety of projects to meet each GLTAAC client's specific needs. Here are just a few examples:

SALES & MARKETING

- Lead generation
- Sales training
- Website development
- Market diversification
- New product development

MANUFACTURING

- Productivity improvement
- Worker training
- Technology assessment
- Lean/Six Sigma
- Quality improvements

OTHER

- ERP/MES selection and implementation
- ISO/other certification
- Cost accounting
- Leadership development
